SONS OF TEMPERANCE.

On Wednesday evening last, Hon. Jno. F. Ryland visited this place, with a view of opening a division of the Sons of Temperance. A petition having been several weeks since forwarded to the Grand Division, and a charter having been granted, early on Thursday morning Judge Ryland to open the Division by regularly initiating sixteen petitioners. In the afternoon, Judge R. delivered a beautiful and very appropriate address in this Presbyterian Church, to a respectful and attentive audience, on the rise, progress, objects and designs of the Order. To say that the Judge did his subject justice, would be saying but little of an effort that would be hard to beat by any body—it was, in fact, regarded by all as a masterly address, upon a subject of vital importance to the community at large. The Judge kept the attention of his audience enchained for upwards of an hour by his pleasing and interesting manner of address; after which the new-made Sons repaired to the Lodge room of the Masons and Odd Fellows; which had been kindly thrown open to them; where some half-dozen new applicants were initiated; after which the Division went into the election of its officers. The following officers were elected and duly installed in their various offices, viz:

- WM. McELWATH, W. P.
- WM. HAYS, W. A.
- M. WHITING, P. W. P.
- JNO. S. LINGLE, R. S.
- Y. C. BLAKEY, A. R. S.
- E. CAMERON, F. S.
- J. Y. WILSON, T.
- L. J. RITCHIE, C.
- N. M. STERRETT, A. C.
- E. ALEXANDER, I. S.
- WM. DAVIS, O. S.

At candle-light, the Division again met, when five more new applicants were admitted, and on yesterday morning, previous to the departure of Judge Ryland, the Division met and initiated two more petitioners, making the whole number of members twenty-nine.

It is gratifying to the friends of the Order to behold men holding high public stations in society, taking a decided and firm stand in a cause which is destined to wield such a mighty influence over the morals of the community as the Order of the Sons of Temperance seems bound to exert—and there is no sort of doubt but that if all our Judicial officers would follow the very praiseworthy example set them by Judge Ryland, much useless and unnecessary litigation would be avoided, and the prime cause of much evil would be removed from the land. May the moral influence of this Order spread over the land, until our race shall be "redeemed, regenerated and disenthralled" from the power and influence of King Alcohol.—The Sons here will long remember with grateful feelings, the lively interest manifested on the part of Judge Ryland, for the success of the cause in our midst, and for the promotion of the interests of the

Order generally. May he live long, and spend his days in endeavoring to do good for his fellow men.

The Next Speaker.—We see by a communication in the last Jefferson Inquirer, that Col. D. C. Ballou is very favorably spoken of as a suitable person to fill the Chair as Speaker of the next House of this State. Col. B. possesses in a very high degree, the necessary qualifications for the station, having served as Speaker *pro tem.*, during the last session, as well as being familiar with parliamentary rules generally.

In the last Metropolitan, we see that Ephraim B. Ewing, Esq., of Ray, and Dr. A. M. Robinson, of Platte county, have also been spoken of in the same connection, and are both highly recommended for their qualifications to discharge the arduous duties pertaining to the office.

KENTUCKY.—The official majority for Mr. Crittenden, as Governor of this State as published in the Louisville Journal, is 8,163.

The returns for the election of Governor are all in except four counties, viz: Shannon, Putnam, Harrison & Gentry, from which it appears that the Democratic majority is upwards of 14,000, which will probably be increased to 15,000, while the other four counties are officially reported.

Hon. Wm. A. Hall, Judge of the Howard Circuit Court, has been spoken of as likely to receive the appointment of Judge of the territory of Oregon, in the place of Mr. Turney, of Illinois, who declines the appointment.

The last Metropolitan says that "Gen. Lane, the newly appointed Governor of Oregon, is at present in St. Louis, making arrangements for his departure. He is accompanied by his family.

Ingenious Fraud upon the Post Office Department.—The reports of the special agent of the Post Office Department, from time to time, detail some very ingenious attempts at imposition and fraud on the part of persons pretending to remit money by mail. Such occurrences are by no means rare, we are informed; but the following statement exhibits, perhaps, more ingenuity and cool calculation than are often resorted to. It is an extract from a recent report of the special agent in the section where the case occurred:

"A man by the name of W. P. Wright, of Cairo, Greene county, New York, was indebted to Rev. Mr. B—, of Westville, Connecticut, in the sum of one hundred dollars. Wright went to Catskill, ten miles distant, on the 29th of June last and called on a clergyman, an acquaintance of his, and while there, wrote a letter to Mr. B—, stating at the same time to his friend, that he wished to remit in the letter \$100, and requesting him to accompany him (Wright) to the Catskill bank, for the purpose of obtaining a \$100 bank-note in exchange for small bills.—The note was placed in the letter, a water obtained of the cashier, and accompanied by his witness, Wright proceeded at once to the post office, and deposited a letter in the letter-box. On reaching his place of destination, the letter was opened by the person to whom addressed, in the presence of the postmaster, but the money was missing. At the bottom of the letter appeared the following note, written in a very coarse, unnatural hand:

"Mr. B: I take the liberty to borrow this money, but send the letter, that you may not blame the man who sent it to you."

Unquestionably a bold robbery had been committed by some postmaster or post office clerk, and each one who was favored with an inspection of the rifled letter, expressed his opinion in turn, as to which of the offices through the letter had passed, was most directly implicated. The case was at once put in the hands of the special agent of the Post Office Department, who, after a full investigation, arrived at the following result:

The letter, with the message from "Post Boy" affixed, was prepared beforehand, not even omitting a double ragged seal, to give the appearance of having been broken open. On their way from the bank to the post office, this letter was substituted for the one containing the money, and thus the honest witness was completely duped, supposing he had seen the letter and money safely put in the office.

In the course of the investigation, proof was obtained which fixed this attempt at fraud so clearly upon Wright, that he admitted his guilt.—*Washington Union.*

Large Export of Breadstuffs, &c.

The fine ship Robert C. Winthrop, of Train & Co's line of packets, cleared for Liverpool, on Saturday, with a cargo of 20,000 bushels Indian corn; 8,500 do. wheat; 525 barrels flour; 136 bales cotton; and 100 live pigs.—*Boston Times.*

Six hundred citizens of Montreal have signed a call for a meeting to sympathize with Ireland.—*Ohio Statesman.*

Lord John Russell will doubtless consider that rebellious, and have an act passed by Parliament making it treason throughout the colonies; for any British subject to give utterance to the sympathies that the Almighty makes every honest heart feel for a brother in distress.

Corn for Ireland.—Five vessels sailed from New York on Friday week, for Cork, with full cargoes of corn.

Major Graham has called for a Court Martial to examine the charge made by Col. Benton, in the Resolutions offered in the Senate in secret session, and published in the New York Herald of the 17th inst.

A NOBLE ENTERPRISE.

Ohio in Africa.—We learn that a benevolent gentleman in Cincinnati offers to Mr. David Christy, Agent of the American Colonization for Ohio, the sum of two thousand dollars, for the purchase of a portion of the African coast, outside of the present limits of Liberia, to be

paid as soon as the necessary arrangements can be made.

His design is to offer the territory to the colored population of Ohio, Indiana and Illinois, for their acceptance, upon which to establish a new State, in connection with the Republic of Liberia. The agent at Washington, the Rev. Wm. McLain, recommends that the purchase be made northwest of Liberia, so as to include the Gallinas, and those other "darkest dens of the slave trade." This purchase would embrace the coast between the Republic of Liberia and Sierra Leone, and forever banish the slave trade from that region.

There can be no doubt but that other benevolent men will promptly step forward, and offer to Mr. Christy other sums corresponding with their means and
